## Additional Directions

After passing Dan's Ferry Service on the river, proceed on thru Murphy on Highway 45 to the Silver City Road. (I can't remember for sure just how far it is from Murphy to the Silver City Road, but I think it is 5-6 miles to the south of Murphy) Turn right on the Silver City Road and go approximately 6 miles. (You are still on the pavement on the main road. This turnoff is on a big turn of the road to the left.) Turn to the right (North) onto a dirt road that takes you back to the corrals.
