

When does your trail ride begin?

Most of the horse accidents that our organization has witnessed have been within fifty yards of our camp site.

On our first arena night January 19th, 2012 we are going to play with and talk about “reading” our horses and safely dealing with what side of the corral he woke up on.

Alternatives to tying the horse when you are saddling.

Preparing your horse for accepting the saddle.

Saddle fit.

Reading his body language when he has acceptions with any part of the saddling process.

Mounting a calm, willing horse to have a great ride.
