

## Owyhee's – Hard Trigger Creek Ride

Bring your lunch and plan on a four hour ride in the canyons of the Owyhee desert. This is a fairly easy spring tune-up ride for you and your steed. It's a great ride to re-introduce your mount to crossing water with LOTS of EASY water crossings. However, there may be a lot MORE water this year than in year's past.

Shoes or easy boots recommended.

Directions:

From Nampa take Hwy 45 South to Walter's Ferry. Cross the Snake River. Turn West (right) on Hwy 78. Go about 3 miles to Wilson. Turn West (left) on to Wilson Creek Rd. Pass the feedlot on the left and turn right to park at the Wilson Creek Trailhead. It is about a 1 hour 20 minute drive from Albertsons in Emmett. Remember, to park in the trail head parking on your RIGHT, about 3/4 miles past the feed lot.
